Subject: FW: WHO SEA Material

Fred mentioned that south east asia regional office of WHO has developed some materials which include air quality. Fred is working with PAHO and Marcelo on their Environmental Determinants of Health strategy as well.

Brianna, can you take a look at the SE Asia materials? Let's discuss a follow up meeting with Fred on the PAHO work and/or your call in to Marcello.

Thanks for the discussion this morning, Hodayah. Very helpful.

- Here are the links to the WHO documents that I mentioned:

The draft PAHO Strategy on Environmental Determinants of Health will be revised over the next couple months and finalized at some point thereafter. I'll be happy to keep you posted on this if you are interested.
